Claims 1-17, are pending in this application.

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 2 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Per amendment of claim 1, claim 2 now improperly depends from 1 for failure to further limit the scope of 1. By deleting the claim the rejection would be overcome.

***Objection***

Claims 1-12 are objected to for containing non-elected inventions. The claims must be amended according to applicant's election, wherein L is ethylene.

***Response to Argument***

Applicant's arguments filed 6/3/09 have been fully considered but they are not persuasive. Applicant contends claims 13-17 are not drawn to methods of use but are like compositions. The claims cite intended use whether or not they are drawn as compounds or compositions. However, intended use is not a limitation of a compound or composition under the US patent practice. See *In re Hack*, 114USPQ 161 (CCPA, 1957); *In re Craig*, 90 USPQ 33 (CCPA, 1951); *In re Brenner*, 82 USPQ 49 (CCPA, 1949). This is not an examination of claims 13-17 on the merit since the compounds are not yet in condition for allowance and claims 13-17 are not yet rejoined.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
